## PUBLIC AFFAIRS AND MEDIA ACTIVITIES

Special emphasis was placed once again on warning the public of the dangers associated with the use of fireworks. The public was encouraged to attend a professional fireworks display instead of using private home-use fireworks. The following is a list of the campaign highlights for 2006:

- Conducted the 15<sup>th</sup> Annual “Junior Fire Chief for a Day Poster Contest” with the theme of “*Attend a Professional Fireworks Display.*” All elementary schools within the County of Los Angeles were invited to participate and over 1,000 posters were submitted.
- A press conference was held on June 29, 2006 to announce the winners of the “Junior Fire Chief for a Day Poster Contest” and to award prizes. Representatives from our Department, the Los Angeles Fire Department, and Grossman Burn Center, were on hand to discuss the dangers of legal and illegal dangerous fireworks and the public was encouraged to attend a professional fireworks show. Representatives from the Los Angeles County Sheriff’s Department and the Los Angeles Police Department also attended and spoke about the dangers of discharging firearms into the air during the Fourth of July holiday.
- Conducted numerous interviews with local and national newspapers, radio, and television stations on the potential dangers of fireworks.
- The Professional Fireworks Show Hotline, 888-654-FIRE, was placed in operation to provide information in both English and Spanish on the locations of professional fireworks shows and a list of cities permitting the sale of safe and sane fireworks.
- Public Affairs posted public safety information regarding the Fourth of July on the website [www.lacofd.org](http://www.lacofd.org). The website included a list for the public of all the professional fireworks shows in Los Angeles County. Other information included was a list of which cities in Los Angeles County allowed *Safe and Sane* fireworks and general Fourth of July safety tips. This information was also posted at [www.safejuly4th.org](http://www.safejuly4th.org), a website sponsored by the County of Los Angeles Fire Department, Los Angeles Fire Department, and the Children’s Burn Foundation.
- Supported the “WE TIP” telephone hotline to identify and locate the illegal use of fireworks.

### FIRE PREVENTION ACTIVITIES

- Provided fireworks safety information to all fire stations for distribution to the public.
- Approved the permits and supervised 43 public fireworks displays with a Fire Safety Officer at each site (July 1-4).
- Staffed the Communications Center with Fire Prevention personnel to support the fireworks enforcement and confiscation activity of fire units and police agencies (July 4).
- Provided one Battalion Chief and one Fire Inspector for fireworks-related problems (July 3 and 4). Confiscated about 12,000 pounds of illegal fireworks from throughout the County of Los Angeles.

### CONCLUSION

The number of fireworks-related incidents decreased by 18. The dollar loss was down from \$53,020 in 2005 to \$16,200 in 2006. There were no injuries reported this year. The Department will be forwarding to your Honorable Board a more comprehensive report during the month of August that covers a 30-day reporting period of June 17 to July 16, 2006. This 30-day report is a more accurate reflection of actual trends in fireworks-related incidents than the 24-hour figures contained in this report.
